Technology is best when it brings kids together

Giving Hearts Day

Help someone.

Founded in 2008, **Giving Hearts Day** is a 24-hour event for charities, like **Tech4Kids**, in North Dakota and northwest Minnesota. Each year, Giving Hearts Day provides a platform for charities to fund their missions through an ever-increasing community of donors, many of whom get to experience the joy of giving for the first time. The longest-running giving day in the country, Giving Hearts Day has helped participating charities, raise more than \$138 million since its founding.

Mark your calendar and please keep Tech4Kids in mind with your dollar donations this year. You can **SCHEDULE your donation** early for the giving day by scanning the QR code below.

Thank you to all of our donors in the past and future. We could not complete our mission with you!

MISSION

As remote learning becomes increasingly important in our society, its role in the educational process is vital to provide kids with the technology that may not be available in their homes. Tech4Kids repurposes used laptops, iPads, and MacBooks. All donations are given to children that currently do not have access to technology in their homes. Tech4Kids also mentors children in computer use, troubleshooting and skills to ensure internet safety.
